“ *Helen was very special to me. I spent quite a bit of time at her home when we were growing up and came to visit in Mississippi. I stayed a week at her house without my parents, had so much fun. Helen was dating a guy, I was 14, she introduced me to her cousin on her Mother's side, so we all went around from drive inns to drive inns meeting and talking, that was dating! We had a lot in common, though she was several yrs older, she took me under her wing. Will so miss her at our reunions, she was faithful to be there, but we will reunite in our beautiful home !*

“Helen and Kat and I were around the same age. I can't remember a time we didn't see each other when we were able to get to Mississippi. I remember many good memories growing up. As adults I was amazed by her rapport with the “littles” at family reunions. She was a natural with them and I'm sure they all remember that. Farewell, cousin.
