“ Always heard what an awesome young man. I know lots of his kin, and would like to say how sorry I am and that even though I was never around him that I can remember but for some reason Kyson's passing has really been on my mind and also I wanted to say to his mother Carla that I'm so sorry that she is having to go through this horrible thing. God Bless this family my lord and take away all their pain and help them to only see Kyson like it was just another day with their son and let them remember all their memories that they shared and that this is only for a little while and then God will reunite Kyson and all their family together again.
