“ *Sandy was the "elder" of several Ehlers Family cousins. I was the eldest in my family. So I think I resonated with her being in that position, her natural caretaking abilities, her natural kindness, her natural mothering skills, for her own siblings, and also for the cousins who were younger than her. We looked up to her, learned from her, appreciated her attention and generosity. In this photo she reminds me of another beloved aunt, Margaret, who had the same qualities, and gave grace, and space, and time, and individual attention to each of us. May angels watch over Sandy on her homeward journey, and be with and support all family members here on Earth. Much love, Jeanette Ehlers Spence.*

“ *I have enjoyed every minute being around Sister Rodda. She was always funny, positive, and so kind. She will be missed.*
