“ *Terry was a one of a kind! I have known him my entire life. As a little girl, I remember him riding his bike by our house enroute to The old E.L. Moore store. On his way back home he would stop with his brown bag and give us all a piece of 3 cent double bubble gum. As I got older and my parents purchased the Hobo station, Terry came regularly. Always enjoyed being around him. In fact he taught me how to do my name in sign language. Prayers for the family. He will definitely be missed in our neighborhood.*

*Wednesday Terry stopped by and shared his job with me and two of my coworkers. He was so happy and excited that he'd been baptized. He had us pause and say a silent prayer together. It turned my attitude around and get a better perspective on life. What a gift you gave me. Ride free, Terry!*
