“ My heart feels so heavy at losing you, you was not only my kids dad or my ex husband but my Best friend, Not many ex's can say that they was Best friends with their ex but I can, and I am so glad that we was able too. I loved you more then words can ever say. I never expected you to leave this world so soon. I will miss being able to text you when I am upset or worried about things and our other many talks we had, I am so gonna miss hearing your laughter I loved that laugh of yours. I will cherish the beautiful memories we had together. I promised many years ago to take care of our kids and I promise you I will do the same for our 2 beautiful Grand Daughters Aubrie and Taylor and our handsome Grandson Lucas. My heart breaks for our daughters Ashley and Danielle and my son Cody who you always said was your son Thank you so much for always including him in everything and allowing him to call you dad. My heart breaks for your sisters Mary and Denise and your brother Jamie and Step Mom Bobbi Jean as well as for all of your nieces and Nephews, and for Jane and her 2 sons.
